OB-SAS WITH US

RINGING IN THE LUNAR NEW YEAR

This year, we were truly blessed to have a jam packed festive period filled with activities to ring in the Lunar New Year with our residents. Many volunteer groups come down to celebrate and we had our own internal celebration as well.

Starting from the month of January, all the way till March, we had groups volunteering with a variety of festive activities lined up for our residents.

The vibrant celebrations included traditional lion dances that filled our hall and Home with energy. Our residents were also delighted to participate in craft sessions where they created beautiful LNY decorations with help from our volunteers. Musical performances by talented volunteers added a melodious touch to the festivities, with everyone joining in for joyous sing-along sessions. The highlight for many was the delicious spread of festive foods and snacks, allowing our residents to savour the flavors of the season.

These activities not only brought smiles and laughter but also fostered a wonderful sense of community and togetherness.

LUNAR NEW YEAR CELEBRATIONS

Betty's Fabulous Volunteers' Club

A big thank you to our supporters for their dedication and warmth, making this Lunar New Year truly special for our residents here at SAS.

To our long time volunteers, your unwavering support plays a crucial role in bringing joy to our residents and adding to the quality of stay at our Home. To our newly joined supporters, we are thrilled to have you join us as part of our extended family and we hope to see you again soon.

Let's continue to do what we can to spread joy and create more cherished memories together!

MOVIE NIGHT - STAFF APPRECIATION PARTY

Our Annual Staff Party: A Night to Remember!

We're overjoyed to have celebrated yet another incredible year with our fantastic team! The annual staff party was a spectacular evening filled with laughter and endless fun.

The night began with a warm welcome from our CEO, Mr Anson Quek, setting the tone for an unforgettable evening. With a Movie Night theme, the costumes were blockbuster-worthy. Staff strutted in outfits inspired by their favorite films, and the best-dressed champions totally stole the spotlight!

These staff parties are a special time for us to unite, unwind, and enjoy each other's company outside of our usual work routines. It's an opportunity to bond over shared interests, forge new connections and strengthen our team spirit. Most importantly, it's our heartfelt tribute to our healthcare heroes who provide exceptional care to our residents every day.

We're beyond grateful for our compassionate, hardworking, and committed team. Your selfless efforts and dedication to delivering outstanding care to our residents haven't gone unnoticed, and we're honored to work alongside each and every one of you.

Thank you to everyone for making this party an unforgettable experience! Here's to many more laughter-filled moments, exciting celebrations, and creating lifelong memories together in the SAS big family!

MDM NG'S DURIAN PARTY

In our cozy Reminiscence room, Mdm Ng, was surrounded with the love of family, volunteers, and her lifelong idol, Andy Lau.

Mdm Ng has been battling an aggressive cancer is now in the final stages where all we can do is give her as much comfort and care. This little get together Durian party with a screening of Andy Lau's concerts was a collaborative effort with much thanks to her family, Ambulance Wish, TTSH Project Care, and our dedicated MSS team.

When she was greeted at her little party with a life-size cut out of Andy Lau, her face broke into the hugest smile. You could say she's his biggest fan. Her family and the volunteers also indulged in Mdm Ng's sweet tooth with her favourite sweets treats - durian, longans, and chocolates.

MONTHLY MOVIE SCREENING

Starting in 2025, our Resident Care (RCAs) team have been screening movies on a monthly basis. Movies are carefully chosen based on residents' preferences spanning over genres such as comedy and action.

This initiative is not only to create enjoyable experiences for our residents, but also to foster social interactions and promote emotional well-being. Watching movies is a therapeutic activity for many and we are glad that this mass activity has been embraced with such positivity.

PET WITH ME 🐾🐾

In February, we introduced our residents to our very first furry volunteers in our Pet With Me program! This is an animal assisted program aimed to uplift our residents with the therapeutic benefits of companionship with our furry visitors.

The joy that these animals bring is immeasurable. We witnessed firsthand the incredible impact of animal companionship. Our residents experienced noticeable mood lifts, shared laughter at the playful antics of their new four-legged friends, and even recalled long-forgotten memories. Many found comfort simply by petting our doggy visitors, fostering a sense of connection and warmth.

We are incredibly grateful to our volunteers and supporters who help make Pet With Me a reality. Your contributions and dedication allow us to continue bringing smiles and comfort to our residents.

ST JOHNS SINGAPORE BRIGADE

Our young volunteers from St John Brigade are back again! Starting in March, they have been coming down every Friday with a slew of interactive activities to engage our residents. From interactive games to art activities, every week has a new and exciting program planned by the youths themselves.

We are so proud to see them take the initiative to reach out and bridge the generation gap with compassion and creativity. Their efforts truly bring joy to our residents bringing a heartwarming experience to everyone involved.
